Elementary Arabic 1

This course introduces Arabic letters and basic vocabulary of daily communication. It is designed to enable students understand, speak, write, read basic spoken Arabic, and gain an appreciation for Arabic cultures.

Elementary Arabic 2

This course continues to expose students to the four language basic skills, fundamental grammar, as well as cultural facts of the Arabic world. Students are given opportunities to explore the cultural side of the Arab world through different activities, presentations, and contacts with native Arabic speakers and Arabic organizations.
