ELA Attendance Policy

LaGuardia Community College's attendance policy limits students' unexcused absences to 15%. The Department of Education and Language Acquisition subscribes to this policy and enforces it as follows:

The absolute maximum of unexcused absences in this course is **5** hours. There is no need to present any documentation for unexcused absences. Excused absences are at the discretion of the instructor. If there are extenuating circumstances that warrant being excused, consult the instructor. Tardiness is disruptive to the learning process; therefore, after ten (10) minutes students are marked absent for that hour.

Students who exceed the maximum number of unexcused absences will receive a failing grade (F or WU) in the course.

The Academic Dishonesty Policy:

As stated in the catalog: "Academic Dishonesty is prohibited in the City University of New York and is punishable by penalties ranging from a grade of 'F' on a given test, research paper or assignment, to an 'F' in the course or suspension or expulsion from the College. Academic Dishonesty includes:

- Cheating
- Plagiarism
- Internet Plagiarism
- Obtaining Unfair Advantages
- Falsification of Records and Official Documents
- Misconduct in Internships (117)

Policy on late papers, assignments and missed exams: There will be no make-ups. Students are responsible to perform assignments and submit papers on time, and be presented for exams. If a situation arises before the exam, student must confer with the instructor (at least a week prior to the exam).

In addition, all assignments are to be completed at the beginning of class (XX:XX am/pm). Assignments submitted after XX:XX am/pm will not be accepted.

Policy on incompletes: Students are responsible to confer with the instructor and fill out the INC form. If the student does not complete the work and does not confer with the instructor at the end of the course, the final grade will be recorded. As stated in the college catalog:

The Incomplete grade may be awarded to students who have not completed all of the required course work but for whom there is a reasonable expectation of satisfactory completion. A student who is otherwise in good standing in a course – defined as complying with the college attendance policy and maintaining a passing average – but who has not completed at most two major assignments or examinations by the end of the course may request an Incomplete grade. To be eligible, such a student must provide, before the instructor submits grades for the course, a documented reason, satisfactory to the instructor, for not having completed the assignment on time. Instructors giving IN grades must inform students in writing of the conditions under which they may receive passing grades. Departments may designate certain courses in which no Incomplete grades may be awarded.

In addition, for clinical affiliation courses or internship courses in the departments of Cooperative Education and Natural and Applied Sciences, an Incomplete grade may be given by an instructor when a supervisor's evaluation has not been received in time for grading or when a student has been given permission by the instructor to complete the internship or clinical affiliation course beyond the end of the academic term in which the student is registered.

An IN grade may be changed to a passing or failing grade by the instructor during the semester after which the IN was incurred. If a change of grade form is not submitted by the end of the following semester, the IN grade automatically converts to a FIN.

WHILE THE IN GRADE IS IN FORCE, THE STUDENT MAY NOT RE-REGISTER FOR THE SAME COURSE (120)
